SUMMARY

I am a highly motivated full-stack developer with nearly 2 years of experience in building interactive web applications and APIs. I possess a strong foundation in both front-end and back-end development, leveraging modern technologies like ReactJS, Rust, and GraphQL. My experience spans the entire development lifecycle, from initial concept to deployment.

EDUCATION

B.Tech in Information & Technology

Silver Oak University • Ahmedabad, India • 2024 • 8.82 CGPA

HSC

SVP Vidyalaya • Gondal (Rajkot), India • 2020

SSC

SVP Vidyalaya • Gondal (Rajkot), India • 2018

EXPERIENCE

Full Stack Developer Intern

Staytuned LLP

2022-2024, Ahmedabad

- Collaborated with cross-functional teams (designers, backend developers, etc.)
- Transformed design concepts into responsive, visually appealing PWAs
- Ensured seamless integration of frontend elements with backend services
- Integrated frontend interfaces with backend APIs for smooth interactions within PWAs
- Maintained high code quality through unit testing, code reviews, and Playwright automation
- Debugged complex code issues effectively
- Utilized Git and GitHub for version control

SKILLS

Technical Skills: Rust, HTML, CSS, JavaScript, ReactJS, Deno, DenoKV, SQL, GitHub, VSCode, REST API, GraphQL API

Soft Skills: Multitasking abilities, Teamwork and Collaboration, Interpersonal Communication, Adaptability

PROJECTS

Todo App

Developed a full-stack Todo application using ReactJS & Rust, demonstrating proficiency in both front-end and back-end technologies.

Social Media Card

Built a visually appealing social media card using ReactJS, showcasing front-end development skills.

Area Crate

Created a custom crate in Rust, highlighting back-end development expertise.

GitHub GraphQL API Issues Creation

Implemented functionalities for creating issues through GitHub GraphQL APIs using Rust, demonstrating API development skills.

VS Code Extension

Developed a VS Code extension using HTML, CSS, JavaScript, and TypeScript, showcasing a well-rounded skillset.

Design System

Developed a comprehensive design system using HTML, CSS, and JavaScript to standardize UI components and improve consistency and efficiency in web development.

Web Stories

Built a platform for creating and sharing web stories using HTML, CSS, and JavaScript, focusing on dynamic content presentation and user engagement.

TextUtils

TextUtils is a versatile text manipulation tool built with React. It offers functionalities like word counting, character counting, converting text to uppercase or lowercase, and removing extra spaces. This application provides a user-friendly interface for performing various text manipulations efficiently.
